

Annual Report 2018

In 2018, Gifted Resource Council continued its 35-year legacy of providing premiere programming for children and their parents across the St. Louis area.

Fresh Learning Lab classes, popular Summer Academies, and another wildly successful Academic Challenge Cup kept students engaged in creative, hands-on learning. Workshops for parents and teachers improved their ability to nurture and support bright and gifted children.

Key staff Sue Flesch and Susan Jesse announced their retirements in 2019, and the Board immediately began planning for their succession and continued health of the organization.
