

# Annual Report 2020

“I wanted to reach out and express my immense gratitude for allowing him to have this experience. This past year and a half during Covid has been a challenge for him and those two weeks of camp provided him so much joy. He came home every day so excited. I can tell he was challenged in ways he hasn’t experienced to this point in his education. Financially, we couldn’t have given him this opportunity this year and I cannot express my gratitude enough for aiding him with the scholarship.”

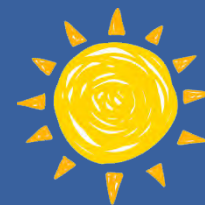

“This is [our son’s] first time being fully immersed with other gifted kids. He has been saying how nice it is to be with others that think like him!”

“GRC is cool! I learn more in 90 minutes from Mr. Koenig on Saturdays than I do all week in school.”

2020 was such a challenge for organizations everywhere, but with some strategic pivoting (including providing online opportunities), some generous donors, and assistance from PPP funding, Gifted Resource Council continued to provide educational experiences to students and families across the St. Louis metropolitan area.

## Summer Academies

130  
students

## Learning Labs

251  
students

## 2020 Key Accomplishments
